

Hemet Unified School District Becomes a Trailblazer for School Security in California with Evolv

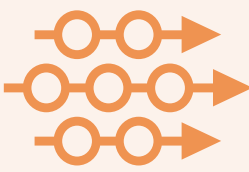

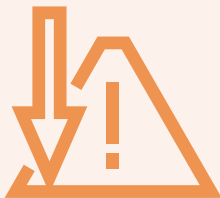

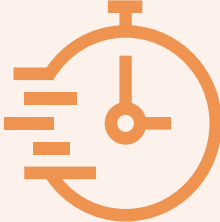

Snapshot of Organization

 LOCATION Hemet, California	HEADQUARTERS Hemet Unified School District	SOLUTIONS 8 Evolv Express® Single-lane Systems 3 Evolv Express Dual-lane Systems Evolv Cortex AI® Evolv Insights®
--	--	--

Goals

 Reduce long lines of students waiting outside schools to pass through security screening	 Help create a safer school environment that facilitates learning
 Minimize nuisance alarm rate	 Provide an opportunity for security staff for positive face-to-face interactions as students pass through security screening
 Engage with a security vendor that is transparent and exhibits a high degree of integrity	 Minimize bias during security screening
 Avoid students being tardy for their first period of classes	

Outcomes

 Reduced Lengthy security lines due to inefficiencies of walkthrough metal detectors	 Reduced Intrusive secondary security screening process
 Dramatically lessened Nuisance alarm rate connected to metal detectors	 Ensured Safety is not sacrificed for experience
 Avoided Security screening delays that resulted in students being tardy for first-period classes	 Helped Create a safer environment for students, teachers, administrators, and staff
