Goals

- | | |
|---|--|
|  <div>Deliver frictionless screening experience without degrading security effectiveness</div> |  <div>Facilitate more student-adult interactions at beginning of the school day</div> |
|  <div>Identify the location of the purported threat to avoid intrusive secondary checks</div> |  <div>Provide the school board with monthly analytics on school security screening</div> |
|  <div>Avoid security lines that pose a soft threat target and negatively impact student experience</div> | |

Outcomes

- | | |
|--|---|
|  <div>Screened
over 17,000 students, visitors, staff, parents, and teachers in the first month</div> |  <div>Generated
positive reviews from students, parents, teachers, staff, and school board</div> |
|  <div>Fosters
a culture of security for students</div> |  <div>Produce
detailed analytics for daily review and monthly review with the school board</div> |
|  <div>Detecting
vapes and other illegal paraphernalia in secondary screening</div> | |
